Education

Full Stack Web Development
Masai School, Bengaluru
July 2023 - April 2024

Bachelor of Computer Applications
Mahatma Gandhi University
July 2020 - May 2023

Higher Secondary Education
S.N.D.P.H.S.S
June 2017 - May 2019

Technical Skills

Git   RESTful APIs   Express.js

Node.js   JavaScript   CSS3

HTML5

Soft Skills

Adaptability   Teamwork

Problem Solving

Attention to Detail

Time Management

Effective Communication

Vishnu R

Node JS Developer

Professional Summary

Proactive Node.js Developer proficient in JavaScript and experienced in building efficient server-side applications and RESTful APIs. Collaborative problem-solver with strong debugging skills. Familiarity with database systems and version control. Strong communication and teamwork skills to drive effective collaboration across cross-functional teams.

Projects

Traveller Symphony - A Travel Booking Platform   Live Demo Link   Github Repo Link

JavaScript   RESTful APIs   HTML5   CSS3

Responsive Web Design   Git

- Worked with a team of five during Construct Week to create Traveller-Symphony, a user-friendly travel platform.
- Built a website using HTML for structure, CSS for a pleasing look, and JavaScript for interactive features, including integration with the Destination API.
- Implemented features like destination exploration, trip planning, interactive maps, and user authentication.
- Implemented secure authentication for user accounts.

BayLeaf - Indoor Plants E-commerce Platform   Live Demo Link   Github Repo Link

PHP   JavaScript   —   HTML5   CSS3   SQL

Responsive Web Design

- Crafted a responsive e-commerce platform for indoor plants
- Implemented server-side logic with PHP to manage customer data, orders, and payments
- Designed and maintained the MySQL database to facilitate seamless data storage and retrieval
- Leveraged PHP Data Objects (PDO) for secure and efficient data transactions
- Ensured secure transactions by validating customer sessions and implementing security measures

Potent Voyage - Responsive portfolio   Live Demo Link   Github Repo Link

HTML5   CSS3

- Collaboratively developed a visually appealing and responsive website using HTML and CSS.
- Showcased skills and design capabilities through a portfolio-based Figma design.
- Led a team of five members to successfully implement the project from conception to deployment.
